September 8, 2005

Sir:

In response to the Notification to Comply with Requirements for Patent Applications Containing Nucleotide and/or Amino Acid Sequence Disclosures dated August 9, 2005, the applicants respond as follows.

In the Notification, it was asserted that an additional claim fee of \$50.00 is due. Applicants respectfully disagree. In applicant's preliminary amendment dated January 18, 2005, applicants canceled claims 10, 11, and 17 reducing the number of claims filed from 28 to 25. Applicants did, however, pay for the 5 additional extra dependent claims at the time of filing of the above-identified application.

Also in the Notification, it was asserted that the content of the computer readable form does not comply with the requirements of 37 C.F.R. §1.822 and/or § 1.823.

To fully respond to this Notification, the paper copy of the Sequence Listing is amended by the submission of substitute sheets, attached hereto. The amendment to the Sequence Listing

Response to Notification to Comply With Requirements
for Patent Applications Containing Nucleotide
and/or Amino Acid Sequence Disclosures
U.S. Patent Application No. 10/522,000

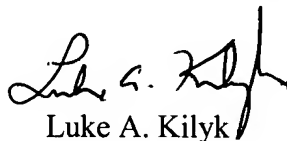

is limited to formal matters, specifically, a correction to item <211> for SEQ ID NO:1 to correctly indicate that the number of nucleotide bases in the sequence is 45 and an amendment to item <140> to reflect the current assigned U.S. patent application number for the present application. No new matter is added to the Sequence Listing. Also enclosed is a substitute diskette containing a computer readable form of the amended "Sequence Listing." Also enclosed is a Statement under 37 C.F.R. § 1.821. Accordingly, the applicants have fully responded to the notification.

CONCLUSION

In view of the foregoing remarks, the applicant respectfully requests the reconsideration of this application and the timely allowance of the pending claims.

If there are any fees due in connection with the filing of this response, please charge the fees to Deposit Account No. 50-0925. If a fee is required for an extension of time under 37 C.F.R. § 1.136 not accounted for above, such extension is requested and should also be charged to said Deposit Account.

Respectfully submitted,
